

About Dimmitt's Grove

Dimmitt's Grove is one of the oldest and best-preserved historic neighborhoods. Our Neighborhood Association was established in 1987, and is contained in a 26 city block area. We have a rich historical heritage with many homes dating from the mid-1800's. We are very proud of our association's contribution to our community with projects like the neighborhood signs that display the history, architecture, and so much more about these special homes. We have a close proximity to Downtown and many other walkable destinations. Whether you are a renter, business owner, or home owner within our boundaries, you are invited to attend our neighborhood meetings, socials, and many other incredible events. Being a part of the neighborhood association is at no cost to you. It is also a great way to learn important history, meet great people, and get involved in our community.

To be added to our email list for future notification of meetings/ events

Schedule

DGNA holds their meetings on the first Thursday Bi-monthly on the **odd** numbered months. The meetings are held at 6pm traveling to different locations/homes announced via email distribution.

We are also offering something new and exciting this year! Mini Socials! We will be holding small neighborhood socials, allowing for a more relaxed atmosphere to help neighbors meet or get to know each other and chat in a relaxed setting. Neighbors can bring their own drink and snack to share if they want. We want this to be just a laid back experience where you can just drop in and say Hey! with no meeting agenda or prep. These will also be held bi-monthly, but on the first Thursday of **even** months and will start this April! Please check the website and emails for additional details.
